NOTE 1 NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Minnesota American Legion Foundation was formed in 1990 for the purpose of accumulating a trust to fund programs not already funded from traditional revenue sources, for Minnesota veterans and their families. In September 2006, the Minnesota American Legion Boys State Program, LLC was established as a single member LLC to hold the assets of Boys State. The Minnesota American Legion Foundation is the sole member of the LLC. The activities of this LLC are consolidated in these financial statements. Significant intercompany accounts and transactions have been eliminated in consolidation.

The summary of significant accounting policies of Minnesota American Legion Foundation and subsidiary are presented to assist in understanding the financial statements. The financial statements and notes are a representation of the Organization's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Financial Statement Presentation

Net assets and revenues, gains and losses are classified based on donor imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified as and reported as follows:

Unrestricted – Resources over which the board of directors has discretionary control. Designated amounts represent those revenues which the board has set aside for a particular purpose.

Temporarily Restricted – Those resources subject to donor imposed which will be satisfied by actions of the Organization or passage of time.

Permanently Restricted – Resources subject to donor-imposed restrictions that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes.

The Organization has no permanently restricted net assets at this time.

Cash and Cash Equivalents

Cash and cash equivalents includes cash accounts and money market funds. The Organization maintains its accounts at one financial institution, which at times exceed the FDIC insured limit.

Interest Receivable

Interest receivable is stated at net realizable value.

NOTE 1 NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

The Organization carries its investments at fair market value. Investments consist of fixed income securities including governmental and corporate securities and brokered certificates of deposit. The net realized and unrealized gains and losses on investments are reflected in the consolidated statements of activities. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the consolidated balance sheets.

Contributions

Contributions are recorded as made. All contributions are available for unrestricted use unless specifically restricted by the donor.

The Organization has elected to present temporarily restricted contributions, which are fulfilled in the same time period, within the unrestricted net asset class. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities as net assets released from restrictions.

Functional Expense

The Organization's costs of providing its services have been classified on a functional basis in the consolidated statements of activities. Expenses are not allocated since they have direct relationships to a particular functional expense.

Tax Exempt Status

The Minnesota American Legion Foundation is a non-profit organization and is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Minnesota Statute. The Organization is a public charity and contributions to the Organization qualify as charitable tax deductions by the contributor. The Organization has been determined by the Internal Revenue Service (IRS) not to be a "private foundation" within the meaning of Section 509(a) of the IRS code. The Minnesota American Legion Boys State Program, LLC is a single member LLC and retains the same tax attributes as the Minnesota American Legion Foundation.

The Organization has adopted the income tax standard regarding the recognition and measurement of uncertain tax positions. The Organization has no current obligation for unrelated business income tax. The Organization's tax returns are open to examinations for the years 2010 through 2012.

NOTE 1 NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurement

The Organization accounts for its investments at fair value and has categorized its investments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the consolidated balance sheets are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities. The inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as U.S. Treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets.

Level 2 – Financial assets and liabilities are valued using inputs quoted prices for similar assets, or inputs that are observable, either directly or indirectly for substantially the full term through corroboration with observable market data.

Level 3 – Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset. Level 3 includes long/short funds, private equity, venture capital, hedge fund, and real assets.

The following tables present the fair value hierarchy for the balance of the assets of the Organization measured at fair value on a recurring basis as of September 30:

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.
