

October 2018

Dear Post Adjutants and Unit Presidents:

As Chairman of the Fund for Hospitalized Veterans Committee, I wish to thank the Legion and Auxiliary for the generous contributions to the Fund for Hospitalized Veterans. As we continue the 2018-2019 year, we are again looking to the Legion and Auxiliary for help and support with the programs of helping our veterans. The needs of our veterans that are helped with this fund and the volunteer services that are done by our Legion and Auxiliary members are very much appreciated by the veterans who spend time in these hospitals. All funds donated are used in the veteran's hospitals. Funds to cover operating expenses of the Committee are budgeted as part of the Department of Minnesota budget expenses.

We are most hopeful that the Posts and Units will continue and increase support for this program, which gives so much comfort to our hospitalized veterans. If your Post or Unit has not contributed to this program please consider doing so. Contributions from the Post Gambling Account for this program are legal. Checks must be made payable to the Minnesota American Legion Foundation, Fund 53. Please see information on the backside of this letter before writing your check.

The members of the committee are: Mark Dvorak, LeCenter, Chairman, Wes Thompson, Sartell, Roland Hanson, Austin, Tim Haugen, Moorhead, and Patti Coleman, Circle Pines.

If there are any questions or you would like a presentation, contact these committee members.

Sincerely,

MARK DVORAK, CHAIRMAN
Fund for Hospitalized Veterans
