INDEPENDENT ACCOUNTANTS' REVIEW REPORT

Executive and Finance Committees
The American Legion, Department of Minnesota
St. Paul, Minnesota

We have reviewed the accompanying balance sheets of The American Legion, Department of Minnesota as of September 30, 2014 and 2013, and the related statements of activities and cash flows for the years then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Organization management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organizational Purpose

The American Legion, Department of Minnesota was organized to support American Legion members and their programs in Minnesota.

Financial Statement Presentation

Net assets and revenues, gains and losses are classified based on donor imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified as and reported as follows:

Unrestricted - Resources over which the board of directors has discretionary control. Designated amounts represent those net assets which the board has set aside for a particular program.

Temporarily Restricted - Those resources subject to donor imposed restrictions which will be satisfied by actions of the Organization or by the passage of time.

Permanently Restricted - Resources subject to donor-imposed restrictions that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes.

The Organization has no temporarily restricted or permanently restricted net assets at this time.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with original maturities of three months or less to be cash and cash equivalents.

Inventory

Inventory consists of various promotional items used in the Organization's programs. Inventory is valued at the lower of cost, determined on a first-in, first-out basis, or market.

Equipment and Furniture

All major expenditures for equipment and furniture are capitalized at cost. Depreciation is provided using the straight-line method over the estimated useful lives of the equipment and furniture, which range from 3 to 10 years.

Investments

The Organization carries its investments at fair value. The net realized gains and losses and unrealized gains and losses on investments are reflected in the statement of activities. Investments in unconsolidated subsidiaries are accounted for using the equity method.

DEPARTMENT OF MINNESOTA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014 AND 2013
(SEE INDEPENDENT ACCOUNTANTS' REVIEW REPORT)**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

The Organization's accounts receivable consists primarily of revenues from the Minnesota Disability of Veterans Affairs and is recorded as revenue when earned. Receivables are expected to be collectable and therefore the Organization has passed on setting up an allowance for bad debt.

Amount Held for Others

The amounts held for others consist of cash held for the Minnesota State American Legion Bowling Association.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received which are designated for future periods or restricted by donor to a particular purpose are recorded as temporarily restricted revenue until the appropriate future period or the donor purpose is satisfied.

Revenue Recognition

Membership dues collected are recognized as revenue ratably over the period to which the dues relate. Dues collected in advance are recorded as deferred membership revenues until they are earned. Royalties are recognized over the period they are earned and when reasonably estimated.

Donated Rent and Services

Donated (in-kind) rent and services are valued at their fair market value. Donated services have not been recognized in these financial statements because no specialized skills as defined by accounting principles generally accepted in the United States of America have been provided. However, a substantial number of members have donated a significant amount of time to advance the Organization's programs.

Advertising Costs

Advertising costs are expensed when incurred.

Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Concentrations of Credit Risk from Cash Deposits in Excess of Insured Limits

The Organization maintains its cash reserves and cash balances in one financial institution. At times, the amounts on deposit may exceed federally insured limits.

(SEE INDEPENDENT ACCOUNTANTS' REVIEW REPORT)**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Expense

Expenses which apply to more than one function are allocated among the functions to which they apply. The allocation of salary expense is made by management's estimates of time expended in each program. Other expenses are allocated on the basis of percentage of time devoted to that function unless a more direct basis is apparent.

Tax Exempt Status

The Organization has a tax exempt status under 501(c)(19) of the Internal Revenue Code and Minnesota Statute, as an organization of past or present members of the armed forces. The Organization has no taxable unrelated business income at this time.

The Organization has adopted the income tax standard regarding the recognition and measurement of uncertain tax positions. The Organization has no current obligation for unrelated business income tax. The Organization's tax returns are open to examinations for the years 2011 through 2013.

Fair Value Measurement

The Organization accounts for its investments at fair value and has categorized its investments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the Statements of Financial Position are categorized based on the inputs to the valuation techniques as follows:

Level 1 - Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities. The inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as U.S. Treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets.

Level 2 - Financial assets and liabilities are valued using inputs quoted prices for similar assets, or inputs that are observable, either directly or indirectly for substantially the full term through corroboration with observable market data.

Level 3 - Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset. Level 3 includes long/short funds, private equity, venture capital, hedge fund, and real assets.
