20 W 12TH ST, ROOM 300A
ST PAUL, MN 55155-2000

ATTENTION!

The summer months are quickly approaching, and Legionville is getting ready for another fantastic season of camp! We want to emphasize that while school safety patrol training and other safety classes are still at the center of the camp, it is not a requirement for kids to be school patrol members to attend camp. It is open to any child who will be between 9 and 13 years of age by September 1st, 2024. **Exceptions to the age requirements are allowed but should be cleared ahead of time through our St. Paul office.**

★ **CAMP REGISTRATION** - The fee is **\$500.00** per camper and can be received either by check (sponsors and parents) or by credit card online (parents only). For organizational sponsors such as an American Legion Post, School, or other entity, a coupon code will be issued to that organization once payment is secured. The coupon code will then be provided to the parent/guardian of each sponsored camper to use during the checkout process of the online registration. This will subtract the \$500 fee from their balance due. These coupon codes must **ONLY** go to those campers being sponsored by a specific organization. Please remind your families that these are not shareable and are only available for those campers being sponsored. You can find the registration link on the website www.legionville.org or Facebook page – Legionville Educational Center.

★ **SPONSOR RESERVATIONS** - Reservations are on a first come first served basis. As a sponsor, please return the camper reservation form along with payment to the St. Paul office at the address below. The form itself can be sent through email to rhill@mnlegion.org or as a package with the check by mail. Please **do not hold this reservation application** until you have the names of the sponsored campers. We do not need the names initially and you may lose your first choice of sessions if you wait. The purpose of the application is to ensure that a place will be reserved for your student(s) in the session(s) you select. The names will be added to your reservation once the parent has registered online. This is when the two will be connected.

★ **PARENT RESERVATIONS** – If a parent wishes to send a child to camp on his/her own, all communication and information will be done directly through the online registration program. The parent/guardian will create an account, complete registration, and will be required to pay the fee at checkout. Please share this information with your schools so that we can get as many kids to camp as possible. The registration link can be found on our website at www.legionville.org or Facebook page – Legionville Educational Center.

Please read the brochure and letters carefully, then post the flier to hopefully gain more interest in Legionville's Safety Summer Camp. Our goal is to get more kids learning about safety and enjoying the great MN outdoors during our 2023 sessions.

Address all communications relating to reservations to:

MAIL: LEGIONVILLE
20 W 12th St., Room 300A
St. Paul, MN 55155
